Excellent course! Stimulating! Fantastic faculty!	193405-193398-16772098
- faculty - profesional and friendly - discussions - meeting other specialists	193405-193398-16773999
- hands on - excellent faculty - good facilities	193405-193398-16794794
Nice mix of practical and lectures. Very good faculty	193405-193398-16801278
Mr Karagama's talks were the best and he should be invited again.	193405-193398-16812647
The teaching faculty members, especially visiting faculty such as Mr Kaegama, Mr Sandhu, Mr Walton and Mr Tatla. Very good teachers.	193405-193398-17063370

- some instruments in lab did not work properly (microscope, suction...) - there were too many things addressed - sometimes less is more :) - it was mixed "basic" and advanced "course" - some part could be too "easy" for more experienced specialists	193405-193398-16773999
Dr Belafsky talk was placed at the wrong time of the day so most people were falling asleep. Talks should be in the morning session, practicals in the afternoon especially on the last day when people are tired.	193405-193398-16812647
It's quite a lot of aims for two days, and I got the impression that those who came for hands on laryngeal laser were disappointed, and those that came for hands-on pharyngeal practice were disappointed. Maybe divide the Laser use and laryngeal surgery from Laser use and pharyngeal surgery.	193405-193398-17063370
